

Product Information

# VENTO SUB 1

**CANTON**

# Enclosures and Technology

With Attention to Detail

### Modern Design

Enclosure with a tapered front design and smooth curves for uniform sound dispersion

### ATB Membranes

ATB diaphragms (Aluminium Titanium Black) in the low- and mid-frequency range

### Wave Surround Technology

Extremely long strokes with precise acceleration and deceleration characteristics

### Multi-layer cabinets

Elaborate enclosure design with reduced natural resonance behavior

### Settings

High flexibility thanks to a wide range of settings and connection options

### High-performance electronics

750-watt digital power amplifier with a 2-year warranty

### Isolation base plate

Flat plinth construction with floating appearance

# Variants

Classic elegance

The Vento Sub 1 is a subwoofer designed to meet high-end standards: Its modern, streamlined shape, combined with rounded front and rear panels, creates a timeless silhouette that blends harmoniously into any living space. Clean lines and high-quality materials underscore its premium character and make the subwoofer an integral part of the Vento series.

### White Satin

Black, magnetic fabric cover

### Black High Gloss

Black, magnetic fabric cover

### Home Theater and Music

The Vento Sub 1 lets you add a powerful 750-watt active subwoofer to your Vento speaker system. This powerful subwoofer delivers dynamic and precise bass reproduction thanks to its generous enclosure volume and integrated down-firing passive radiator. Carefully tuned, it is ideal for expanding high-quality stereo systems and providing powerful low-frequency support for home theater systems.
