

Merk	Zidoo
Garantie	2 Jaar
Materiaal	Aluminium
Kleur	Zwart
Processor (CPU)	Realtek RTD1619BPD ARM Quad-A55 (quad-core)
GPU	ARM Mali-G57
Intern Werkgeheugen (RAM)	4GB DDR4
Geheugen	32GB eMMC
Besturingssysteem	Android
Stroomvoorziening	AC 110~120/220~240V 50/60Hz (built-in switching power supply + linear power supply USB
Verbindingen	<p>*New chipset RTD1619BPD Quad-core 64bit high-performance processor.</p> <p>*4GB DDR4 large memory and 32GB eMMC internal storage, 64-bit bandwidth, super fast.</p> <p>*Android 11 OS has improved the system performance and stability greatly.</p> <p>*HDMI audio and video separate output, enjoy 4K video and HD audio without upgrading AV receiver.</p> <p>*Brushed metal panel with large LED display, built-in high quality switching power supply.</p> <p>*Large-capacity NSS patented HDD bay, supporting hard drive up to 16TB, with hidden WiFi and Bluetooth antenna.</p> <p>*Support MQA, SACD ISO, DSF, DFF, WAV, FLAC, etc. Support seamless playback and CUE track.</p> <p>*HDMI 2.1 4k 60Hz point-to-point output, HDR (HDR10/HLG/HDR10+/Dolby Vision)</p> <p>*Support 12Bit, BT2020 wide color space, YCbCr 4:4:4 color space, truehd audio passthrough.</p> <p>*VS10 engine maps content to approximate Dolby Vision colours for significant image quality improvements.</p> <p>*More accurate HDR10 static metadata (MaxFall,MaxCll) processing, highlights and shadows display with stark contrast.</p>

\*Support HDR10+ dynamic metadata processing, images colors and brightness levels could be obtained accurately frame by frame and scene by scene.

\*Support accurate frame rate 23.976 and resolution automatic switching ensures smooth movie playback without interruption.

\*Support 3D video formats including MVC 3D (Blu-ray/MKV).

\*Support BD/BD3D/UHD full Blu-ray menu and complex MPLS structure Blu-ray seamless branching playback.

\*Support 3D video formats including MVC 3D (Blu-ray/MKV).

\*Support special effect subtitles, download subtitles online and exclusively support Blu-ray and MKV forced subtitles.

\*support multiple ways of music streaming, such as DLNA, etc

\*Home Theater 4.0 with custom categories and management, movie trailers and soundtrack playback.

\*Newly upgraded Music Player supports lossless playback and decoding, personalized setting and tracks data association matching.

\*Support HDMI CEC, RS232, Control 4, seamlessly access to smart home.

\*ZIDOO Controller APP IOS and Android versions control media player easily.

\*Support network protocols like NFS, SMB v1/v2/v3, UPnP, Web DAV, and built-in SMB services.

#### Features Overig

- Model Z2600
- Display Screen LED
- Chassis Aluminum alloy
- Android 11
- Bluetooth 5.2
- Wi-Fi 2.4G + 5G dual-band WiFi, 802.11 a/b/g/n/AC/AX 2T2R, 802.11ax MIMO OFDM
- Ethernet 1x RJ-45(10/100/1000Mbps)
- HDMI 2.1 (4K@60fps/12Bit/HDR/BT2020/YCbCr 4:4:4 output) + 1.4 (Audio Only), audio video separate output
- Video Decoding 4K@60p, HEVC/H.265 12Bit, HDR10, HDR10+, Dolby vision
- Audio Decoding 1\*Optical (2CH, 5.1CH) 1\*Coaxial (2CH, 5.1CH) 1\*RCA L/R channel
- 1 x USB 3.0 3 x USB 2.0

- Internal 1\*SATA3.0 port, 3.5 HDD bay (hard drive isn't included)
- IR Receiver \* 1 RS232\*1 1 RCA Cvbs \* 1
